Dear Jack

We of the Jewish Race here
want to console you. Don't worry,
after Goldwater's inauguration you
will be free in 48 hours. We are
the creators & sponsors of
Communism to world control
today, Oswald had to be killed
or he would have told who gave
the order to assassinate. Too bad
that fellow didn't come up from
Monterey to catch the blame as we
ordered him by picture shows & TV.
Then we tried to catch him in
Nevada with a snitch & failed.

But, Goldwater is as good as
elected & then good times - for us!

We failed with the "Police State"
Law in Toronto, too, & didn't catch
him; but we don't quit!

We thought he was perfectly
trained in Sweden by experts & our
people, the bankers there.

INT. 25-121 B
Enclosure 1

Don't worry!

Go, Goldwater,
Our Man for Action

Our future NAACP
Horror Police will make
everything right & end mistakes
& disobedience.

Yes, observe how we have split
Russia & China, Complete disunity
for easy control!

I am not going to sign my name to this letter. That will help you to remember that even if you knew the writer's name, you should never say it.

I have known you as a intelligent person, loyal and patriotic to yourself, your family, friends, and your country. It is in that respect I am writing you some things of deepest concern. To you, I regret there is no typewriter at hand. Here is my story:

I have in the past lived in a country in West Europe. There I slowly became aware that listening devices were being used to hear every thing I said and did in my room and elsewhere. Then I began to see myself parodied, caricatured, etc., on TV and in the papers there.

I had a sizeable sum of money there with me in the bank. I decided to send it back to the U.S. The bank then made a really prize mistake and sent the money twice, so that I had twice the amount banked in America. I could have walked away and paid them nothing back.

I didn't do that. I paid them every cent, instead of thanks they despised me and it was made clear by TV and the papers I had intended and caused the mistake.

Well, I left that country mostly because I just didn't like it for other reasons, and later I was back in America.

From then on I was a marked man, still am. I have no freedom to come and go now.

others, but am shadowed constantly. yes, right here in the United States.

They first used film titles, stories, etc. to convey messages to me. When I stopped attending these, it was continued (had never stopped) on T.V. and in the papers. So I stopped T.V. and reading the newspapers; and then came police and ambulance sirens, train whistles, and every other form of public racket available.

Finally I stopped going into town at all and stayed in the country as now. Then came airplanes, small private planes buzzing the house very low every day. After a month or so they must have run out of lies to tell these pilots, so then came the Air Force with their roar and vapor trails nearly always as square across my house as if drawn on a geometry board, all day every day.

So all this I have never yielded an inch, so these messages I have reacted not the least, or have done something else or the direct opposite.

I have consequently been mocked and tormented unhearably; but far more than that I have faced death many times and over a long period.

I have reported to the FBI and other intelligence agencies. The rather strange how the agent is intensely interested the first time and the second time has lost interest. Some one is directing that and that "some one" is our enemy.

I travel a lot and in various countries there have been communist demonstrations against me

My troubles started in West Europe, I have never been in a country known as communist. Who then is doing this?

My contact with Russians has been very slight. Although I have seen Russian films and know from other sources that they are a rough, crude, bumbling, ignorant people, only once in those two years of endless persecution was ever a Russian put after me; and he ended up in a terrible fright. I tricked him.

Who then is the acting intelligence directing all this and causing all our troubles today, including the negro troubles? Those negroes are an easy-going people, seeking trouble with no one; but now they have some one abetting them and teaching them to cause trouble.

This negro trouble is the biggest bonanza the enemy has found, what?
